The answer to costly meter replacement is downsizing with space saver flange.

Our patented **Space Saver Flange** (UL FM-approved) revolutionizes the process by dramatically lessening the amount of space needed to downsize without costly repiping. You save work, time, and money.

Built to last, the Space Saver Flange is made of cast iron with ASTM A193 grade B7 stud bolts and quality red rubber gaskets.

The flange is furnished with all hardware needed, one set per box. The **Red Hed Space Saver** is available in thirty-one standard sizes, or can be manufactured in any special size of up to 24" upon request. Dealer and distribution inquiries welcome.
